Should a member drop out of ALTA and wish to resume play at a later date, the previously assigned membership number must be activated. No one under 18 years of age may be placed on a roster in any adult league. To be placed on a Senior League roster a player must be at least 45 years of age within the calendar year. To be placed on a Senior Day League roster a player must be at least 55 years of age within the calendar year.

- E. Rosters must be submitted via the ALTA Website according to the instructions, dates and times given in the roster packet for each League. There is no maximum limit of players on a roster. Two or more above the minimum are recommended. The minimum number of players on a roster for each league is as follows:

- F.2 During the current ALTA year, all Division I college team players must play at the AA level. All other college team players must play at the A level or higher. All high school team players must play at the B level or higher.
- G. Players may be added to a roster using the ALTA Website as follows: (consult the ALTA calendar posted on the website for dates)
1. In order to be added to a roster, the player must be a paid member in good standing.
 2. Captains may add players from the start of roster submission until the roster correction deadline.
 3. Captains may NOT add players to the roster during the period from the correction deadline to the captains' meeting.
 4. No player may be removed from a roster after the roster correction deadline, regardless of how they came to be on that roster.
 5. After the captain's meeting, players may be added with the following restrictions.
 - a. A maximum of 6 players may be added.
 - b. For a player to be eligible to be added to a team, at least one of the following criteria must be met:
 - i. that player's most recent final level of play (as determined by the respective league) must be at or below the current flight/level of the team;
 - ii. that player has not been listed on any adult league roster for more than one year; or
 - iii. within a league a player who was on a team the prior season may be added back to his/her team, only if the team was lowered exclusively for the needs of ALTA rather than a request for review or a change in the team's composition.
 6. In order to be eligible for play, the player must be added before midnight of the day before the match is played.
- H. A player must play in at least 2 matches during the season to be eligible for the play-offs. A win by default or forfeit counts as a time played and all player movement rules apply.
- I. Any person not listed on a roster in accordance with these General Rules shall be an ineligible player. Any changes made to a roster will be made at the discretion of the respective League Vice President.

- J. A wheelchair player electing to play in an ALTA league other than the Wheelchair or Up/Down Leagues must abide by the USTA Rules of Wheelchair Tennis.

II. LEVEL PLACEMENT

Final determination of level placement will be made by the respective League Vice President and overall coordinators. Team movement from one flight to another shall be based on the most recent team history during the past twelve months as well as on the addition of new players and the loss of old players. The goal is to match teams with comparable abilities within each level and flight.

III. CAPTAINS

- A. Home team captains must contact visiting team captains at least 4 days before dual meet in order to discuss place and order of matches. During the phone call, as a courtesy, the home team captain should inform the visiting team captain whether the dual meet will be played on hard or soft courts, indoor or outdoor courts or courts with or without lights.
- B. Each team must have a captain or acting captain present at the beginning of every dual meet. Captains or acting captains must exchange line-ups for all positions **simultaneously before the start of the dual meet**. Failure to do so will result in forfeiture of points. Scores of each match must be recorded, and both captains or acting captains must sign the scorecards and mail them to the appropriate coordinator **immediately after the dual meet**. Scores must be reported by phone to the division scorekeeper. (In case of violation, refer to Rule V. C.)
- C. Team captains must agree upon order of play. In case of conflict teams must play in the normal rotation of 1-5, 1-4 or 1-3, as applicable.
- D. If there are situations that cannot be resolved by the team captains within the rules, the flight coordinator should be contacted.
- E. Teams must determine line-ups according to strength of players in order to make fair and competitive play for all. **"Sandbagging," scheduling stronger pairs below weaker pairs, is prohibited. It is also "sandbagging" to move a winning pair down in order to move a losing pair up.**
- Winning and losing shall be defined as results of matches played to date, not just the result of the last match played.
- During the regular season, any pair may move up or down only one position from the last match played together. An individual player may move up or down two positions without a partner. Example: a pair playing together at no. 2 may split; one player may go to position no. 4, one may play at no. 3. However, when the pair plays together again, they may not play lower than no. 3 for that match.
- F. Any team not complying with these "sandbagging" rules shall forfeit all points from the point of infraction and below. **Any questions or conflicts with the above rules must be discussed with your flight coordinator before play.**

IV. DUAL MEETS

- A. All matches will be the best 2 of 3 sets. The 7-point tie-break as specified by USTA will be in effect any time the score reaches 6-all in any set.
- B. ALTA will not provide linesmen or umpires for matches.
- C. ALTA Rules govern play. In cases not specifically covered by these rules, USTA Rules govern play. Also, "Rules of Tennis and Cases and Decisions" and "The Code" as a handbook of ethics and fair play should be understood and followed by every ALTA player. "The Code", "Rules of Tennis and Cases and Decisions", should be available for consultation along with league rules at all dual meets.
- D. A player who is not listed on the original scorecard/line-up may participate in a match that has not begun. Players may not be moved downward on the scorecard/line-up. Players listed on a scorecard/line-up may be moved upward to fill a vacancy created by players absent or injured during warm up. Once a player's name is removed from the scorecard/line-up that player shall be considered an ineligible player for that dual meet.
- E. The 20-minute default rule as defined in the glossary is in effect for all scheduled matches. A defaulted match is scored as one point for the opposing team. When a match is defaulted, it must be the lowest position. If a higher position is defaulted after the lower position has been played, the team defaulting shall also lose the points earned at the lower position(s). If any positions are played before the regularly scheduled time of the dual meet, the above default rules apply. Teams may not agree to schedule matches late.
- F. Each doubles team must furnish one unopened can of USTA approved yellow balls for each match. The match will be played using the balls opened by the home team. Exception: Oversize balls may be used only if all four players agree prior to the start of the match. The winner receives the unopened can and the loser keeps the used balls.
- G. Warm-up is limited to 10 minutes, including practice serves. A 10-minute break may be taken after the second set in all leagues. Otherwise, play must be continuous throughout the match as specified in USTA Rules.

- H. **COACHING IS ILLEGAL.** Teammates, spectators, or coaches may not volunteer advice on line calls, scoring, or on the conduct of a match. It is *each captain's* responsibility to control his or her spectators' conduct during match play.

- I. Good sportsmanship and conduct are expected by the players and spectators.

- J. If, for any unforeseen circumstance, the home team is unable to provide its home courts for any scheduled dual meet, the visiting team has the first option of providing its home courts. The host team is considered the home team. If the visiting team does not elect to provide its home courts, the responsibility reverts to the home team which must provide courts within the approved ALTA area at the scheduled time. If alternate courts cannot be found, the captains must contact their coordinator.

- K. In the event of a racquet or string breakage, a player shall have a maximum of 3 minutes to leave the court to obtain a replacement racquet. Violation of this time limit will result in forfeiture of the match.

V. PENALTIES AND FORFEITURES

- A. When an ineligible player is found to have participated in a match, the offending team will be penalized by forfeiting **all points from the point of infraction down**.
- B. Any official protest must be submitted by the Captain or Co-captain to the Flight Coordinator and League Vice President in writing (not by email) with a copy to the ALTA office within 5 days of the scheduled match being protested.
- C. In those situations where no penalty for violations is provided in the General Rules, **THE RESPECTIVE LEAGUE VICE PRESIDENT SHALL HAVE AUTHORITY AND DISCRETION TO IMPOSE APPROPRIATE PENALTIES.**
- D. A team having excessive defaults shall have all its matches to date nullified and shall be treated as a bye for the remainder of the season. Excessive defaults shall be defined as defaulting all points of any given dual meet or averaging more than one default per dual meet.
- E. If a team has excessive defaults as defined in Rule V. D., the team and/or its members may be suspended for the next season. This penalty will also apply to any team withdrawing after roster deadline.
- F. Any person playing under an assumed name or any person having knowledge of such act, and failing to report said act to ALTA in a timely manner, will be suspended for up to one year.

VI. INCLEMENT WEATHER

- A. In the event of rain, completed individual matches will stand as played. Incomplete matches must be resumed by the same players at the exact set, game and point as they stood when halted. Line-ups for matches not started may be changed provided they do not conflict with the player movement rules.
- B. If the match is delayed or interrupted by rain or wet courts, teams should be prepared to wait one hour to determine if the courts are playable. Any one of the four players scheduled to play the match may determine that courts are not dry enough for safe play, but his or her partner must be at court side for the determination to be made. If courts are still not playable after one hour has elapsed, teams are free to leave and reschedule unless both teams agree to wait longer. Exception: During City Finals, League Vice Presidents or their designees will determine rain delay wait time.
- C. Rained out matches must be made up within a period of time specified by the respective League Vice President. (Refer to Individual League Rules.) Once teams agree on a rescheduled date they are committed to play on that date, unless rain occurs again. Failure to play on that rescheduled date will result in default of only the match or matches not played. When rained out matches are scheduled as a dual meet, normal default rules apply.
- D. If temperature is below 32 degrees or above 95 degrees (Fahrenheit) at the court and both captains agree, the match may be played. Teams must wait one hour to determine if the temperature at the court falls within the playable range. Temperature must be taken at the top center of the net by thermometer. No thermometer, no delaying match. All players scheduled to play in an individual match must be present at the courts to delay that match because of temperature.
- E. Once an individual match is begun it must be completed except in the event of rain. There are no provisions for extreme wind.

VII. SCORING and PLAY-OFFS

- A. The individual match won earns one point. Total number of points earned at the end of the season will determine division winners and runner-up teams, if applicable, that are eligible for the play-offs.
- B. In cases within a flight where divisions have unequal numbers of teams, each team's final standing will be determined by percentage of matches won to total matches scheduled to be played.
- C. All play-off line-ups must be approved by the flight coordinator BEFORE each play-off dual meet is played. Play-off line-ups must be based on relative strength of teams as determined by positions played and win-loss records established during the regular season.
