

ALL MJCCA SCHOOL'S OUT, VACATION CAMPS, AND SUMMER CAMPS

Guidelines for Medication Administration at School's Out, Vacation & Summer Camp

- Parents must complete an "Authorization to Give Medication at Camp" form for each medication to be given.
- All medication must be in the original, labeled container. Medications sent in baggies or unlabeled container will not be administered.
- Medications must be delivered to the program or camp office by parents.
- Parents must inform camp of any medication changes. New medication or different doses will not be given unless the parent completes a new Authorization To Give Medication form. The information on the prescription bottle label must match the new consent form.
- Over-the-counter medications may be given for up to 10 consecutive days with written parental permission. A doctor's note is required for over-the-counter medication that is given for more than 10 consecutive days.
- Over-the-counter diet pills, vitamins, dietary supplements, including minerals or herbs will not be given.
- Unused medication will be disposed of at the end of the program if not picked up by parents/guardian by the end of the program.
- Campers (or the camper's counselor) may carry inhalers, Epipens or insulin with a completed "Authorization for Camper to Carry a Prescription Inhaler, Epipen or Insulin" form.
